PROFESSIONAL SUMMARY

Amazon Virtual Assistant with hands-on experience in product research, profitability analysis, and store management. Skilled in using Keepa, Hero Launchpad, and Google Workspace to analyze trends and support e-commerce operations. Also trained in real estate tasks such as property management and client communication. Reliable, organized, and dedicated to providing efficient and high-quality virtual assistance.

TRAINING AND CERTIFICATION

Amazon Virtual Assistant Training

August - October 2025

Bisayang Amazon Hustle Masterclass

- Completed an intensive training focused on product research, listing optimization, and inventory monitoring for Amazon stores.
- Trained in using Keepa to analyze product graphs and sales history, and Hero Launchpad to evaluate product profitability.
- Gained hands-on experience with tools and strategies essential for managing Amazon stores and supporting e-commerce operations.

Real Estate Virtual Online Masterclass

April 2025

Sync2VA

- Completed a 2-week intensive training focused on Real Estate VA roles, including lead generation, client communication, and transaction coordination (TCVA).
- Gained practical knowledge in property buying, selling, and rental management.
- Trained in handling trust and operations accounts for real estate transactions.
- Performed hands-on tasks using Buildium, including property setup and bill entry for property management.

WORK EXPERIENCE

Manager / Takoyaki Crew

2021 - 2023

Japabites Food Corner

- Supervised staff hiring, scheduling, and performance to ensure smooth and efficient daily operations.
- Oversaw store opening and closing procedures, including accurate cash handling and secure bank deposits.
- Utilized Google Sheets for inventory, payroll, and scheduling while maintaining CCTV, Wi-Fi, and POS systems.
